FIVE DIVIDE THE PRIZE "DO IT ELECTRICALLY"

"Do it electrically" is the slogan chosen by the Society for Electrical Development, Inc., to be used on all its literature and advertising, and it will also be used in a similar manner by electrical companies all over the United States who are members of the Society.

The slogan contest spread all over the country. A cash prize was offered for the best slogan to show the aim of the Society for Electrical Development to popularize the use of electricity. Out of 2,675 answers five specified the chosen slogan and the prize was divided among them. One of the winners is from California and another from Massachusetts, showing that the interest in the contest reaches clear across the continent. The names of the prize winners are as follows:

C. B. Biggersm, League of Jovian Interests, St. Louis, Mo.

J. A. Burke, United Electric Light and Power Co., New York.

E. B. Featherstone, Pacific Gas and Electric Co., San Jose, Cal.

Max Loewenthal, Helion Electric Co., Newark, N. J.

K. Tornberg, 91, Hanover street, Lynn, Mass.

The Society also adopted a keystone as the emblem of the organization. At the top of the keystone is the word "Service," at the bottom "Safety," and on either side is "Economy" and "Efficiency." Within the keystone are the words, "The Society for Electrical Development, Inc., New York."

The Society is preparing to start its campaign to broaden the use of electricity. The membership now includes more than 150 concerns—manufacturers, jobbers, contractors and central stations. New members are added every week. A meeting of the Board of Directors was held on May 13, at which the work of the Society was outlined.

HALFMOON BAY PLANS MONSTER CELEBRATION.

The eagle will scream his loudest at Halfmoon Bay on Friday of next week when the people of that pretty town let loose their pent-up patriotism in celebration of the nation's anniversary. For weeks past preparations for the great event have been under way. There will be a parade of the firemen and civic socities, led by the Redwood City band. This will be followed by the literary exercises. Mr. Andriano, a brother of Father Andriano, a brilliant young man, will deliver the oration. Patriotic songs will be sung by a chorus of the school children and the Declaration of Independence will be read. In the afternoon there will be athletic sports, racing and dancing, and in the evening there will be a grand ball and fireworks. Popular Joe Francis will be grand marshal of the parade. A cordial invitation is extended to the people of the county to attend. All will be fed free of charge at a grand barbecue.

Increased School Attendance.

The net increase in attendance at the grammar school the past year was forty-five. The gain in income from the increased attendance during Mr. Mantz's administration is sufficient to cover the cost of all the new improvements, including the new manual training laboratory and tools.

Sunday afternoon an alarm of fire called the hose companies to Dingee Park where a grass fire was raging and threatening the homes. The firemen were prompt at their work and the blaze was quickly subdued.

The engagement of Miss Lorine Allen and R. F. Schomberg of Palo Alto has been announced. Miss Allen is the young lady who conducted a successful juvenile dancing class in this city last year.

Mr. and Mrs. A. H. Baldwin have returned to their home in San Francisco after a pleasant visit to their daughter, Mrs. John Hall, in this city. The Baldwins are occasional visitors to Redwood and they have many friends here. Mr. Baldwin is an active businessman despite his years and is a most interesting and entertaining gentleman. He was a soldier in the Civil War and fought gallantly for the Confederacy. His loyalty now is no less intense than was his bravery when he offered his life for the Southern cause. Although a busy man, Mr. Baldwin finds time for literary cultivation. A play written by him has been very favorably criticized and a recent song entitled "1866 in Dixie" is pronounced a most attractive piece of music.

MECHANICAL EXHIBIT BY GRAMMAR PUPILS

SPLENDID DISPLAY MADE BY GRAMMAR SCHOOL STUDENTS IN HANDIWORK.

Fourth Semi-Annual Exhibition Shows Marked Advance in Excellence. Viewed By Many.

The fourth semi-annual manual arts exhibit under the direction of Supervising Principal Robert W. Mantz of the grammar school last week was an unqualified success. The assembly hall was crowded afternoon and evening by admiring visitors. A prominent teacher in one of the big industrial schools of San Francisco said he was astonished that grammar school children could accomplish so much. A number of teachers from San Francisco and this county were among the visitors.

The redwood bungalow, designed and built by Compte O'Connell, of the graduating class, attracted much attention. This is the best piece of work of its character that has been attempted around the bay and is far superior to the one recently exhibited in San Francisco. It was built for a permanent exhibit at the school and may be taken to the 1915 educational exhibit in San Francisco.

The stage was reserved for the work of the graduating class. The morris chair of quartered oak made by Joe Fitzpatrick and a large davenport made by Edwin Pitcher, were pronounced by experts to be equal to any high-school work. Two large redwood desks made by Wesley Locker and Fred Chaves were much admired. A large taboret made by James Bridgewater showed unusual skill in its finish. A table and porch-swing by Alvin Brox were well made, also a table desk by John Lanfear.

The bookbinding display by the seventh and eighth-grade girls was large and varied. Their cooking display was exceedingly tempting.

The fourth and fifth-grade girls had a remarkable display of sewing, reflecting great credit on their teachers, Mrs. Thorpe and Miss Winter. This is the first time that sewing has been carried below the sixth grade.

The Indian basketry of the fourth, fifth and sixth-grade girls was more enthusiastically received than ever. The bead work of the sixth-grade girls, showed for the first time, attracted favorable comment.

The woodwork of the fourth-grade boys occupied two tables and comprised photograph frames, letter holders, match safes, key racks, necktie holders and various other articles, many of them tastefully decorated in water colors.

The raffia baskets by Miss Beeger's class were remarkable examples of what little hands can do.

Of the seventh-grade boys Louis Uhlenberg displayed an excellent lady's writing desk of redwood. A davenport made of quartered oak for the school by Victor Chaippelonie was much admired by the ladies and plans were overheard for duplicates. A unique hall chair was made by Willie Leist, excellent book shelves by Leo Swift and a very fine magazine rack by Charles Rockwell. Excellent desks were made by Lucien O'Connell, Charles Kreig and Robert Torres, also a cedar chest by Charles Foley.

Miss Nelson and Miss Kelting's classes showed their usual skill, as also did the receiving classes.

It would be impossible to enumerate all the articles of merit, there were so many of them. As a grammar school exhibit it far outshone the grammar school section of the late San Francisco Junior Exhibition.

The entire exhibit was one of the finest ever held in the bay region and received the enthusiastic commendation of all of the parents and patrons of the school.

Over fourteen hundred people attended the Foresters' picnic at Niles last Sunday. Two trains of fourteen cars carried the excursionists. Music was furnished by the Foresters' band. The outing was a pleasant one.

AUTO RACERS MUST NOT EXCEED SPEED LIMIT.

The participants in the great auto race between Los Angeles and San Francisco, which has been scheduled for July 4th, may pass through this county but if they exceed the speed limit, fixed by the Board of Supervisors, they are liable to arrest.

Monday afternoon Supervisors Casey, Brown and MacBain, to whom the matter was referred at the last meeting, met in this city and decided not to throw open the public roads to the reckless auto drivers.

Santa Clara and Alameda counties have taken the same stand and when the speeders are on the last lap of their run from the southern city the race will be quite tame.

The position taken by the supervisors is for the protection of the public whose lives are constantly endangered by the automobiles. To take down the legal bars and permit unlimited speeding would surely result in accident and perhaps loss of life. The welfare of the roads was also considered in making the decision.

ALLEGED DYNAMITER HELD FOR TRIAL, HEAVY BONDS.

Walter Thomas, a former employee of the Pacific Gas and Electric Company, who was arrested in this city recently, was bound over Friday by Justice John T. Wallace of San Jose to answer in the Superior Court to a charge of "maliciously interfering with an electric line." His bail was set at $5000 on two counts. There are, in all five charges against Thomas growing out of the recent dynamiting of the poles of the gas company near Alviso and the partial destruction of other poles near Mountain View.

Thomas was arrested at the Tremont House. In his room was found a grip containing dynamite, a small piece of fuse, a hacksaw, a screwdriver, two augers, a wrench and other articles of this kind. A suitcase found in the room held linemen's climbers, four pair of rubber gloves, a slungshot, twine and steel dog chain, as well as articles of clothing. Thomas stated that the suitcases and the grip belonged to him. Asked as to where the dynamite was procured, Thomas is quoted as saying that he got it "two years ago in the north" and that he had stolen it. His attention was called to the date stamped upon the sticks by the powder company, March 25, 1913, and when asked to explain this date, did not reply.

Joseph Giavanni who was arrested with Thomas was cleared on the testimony of Miss Estelle Valencia of this city who stated that on the night that the light company's polls were dynamited she was in San Francisco with Giavanni and came home with him on the theatre train. After reaching this city they remained talking "at the gate" until 1 a. m. This testimony clearly established an alibi for Giavinni.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

TO OUR SUBSCRIBERS

In accordance with our usual custom the working force of this paper will be granted a full holiday on the Fourth of July that they may pay respect to the National Holiday, as every true American should. As the date this year falls on Friday, the day when the paper is usually sent to press, the Times-Gazette will not be printed next week until Saturday afternoon.

"IN THIS HONOR LIES"

In promptly choosing to lay down a position of much prominence and considerable emolument rather than be swerved from what he considered to be the plain path of duty at the behest of his superior officer, former United States District Attorney John L. McNab has taken a course which merits—as it has already received—the endorsement of the good citizenship of the country. That his action is generally approved by the people of California, who are most familliar with the facts surrounding the cases which gave rise to the controversy, is evidenced strongly by the manifestations of disregard of party lines in the expressions of approval of his action and emphasized by the fact that some of the strongest endorsements of his course have been voiced by men prominent in the party of the President.

That a man occupying the exalted position of Attorney General of the United States, especially one with a reputation in that position yet to make, should lend himself in even the slightest degree to the shielding of crimes of the most henious nature is justly a matter of wonderment, and must inevitably lead to the conclusion that his selection was at least a serious mistake. If the action of Attorney General McReynolds was an honest one—and we are not questioning that it was—then at least he is too weak a man for the position of authority which he occupies.

Nor will it be possible for President Wilson to escape his just share of public criticism for the stand he has taken in this unfortunate affair—for to the good name of the American people it is indeed an unfortunate affair. If the President before acting on the resignation of Mr. McNab had taken pains to thoroughly inform himself of the facts, it must have been evident to him that in at least one of the cases a most revolting crime had been committed and that, upon what had been considered by an intelligent and impartial grand jury strong evidence, a man closely connected with another prominent official of the administration stood accused as the criminal. Under these circumstances it would seem that the least the President could have done would have been to have frowned upon any attempts to delay the proper course of the law, especially when the request for this delay came from an official whose paramount duty was to see to the enforcement of the very law which in this case it was charged had been violated. To say the least, the President will have much explaining to do before he satisfies even the followers of his own party in this state.

Mr. and Mrs. C. M. Doxsee arrived home Wednesday from their trip to Algona, Iowa, their old home. They were gone a month and during that time visited nearly all points of interest in their native State. Mr. Doxsee attended a class reunion of the University of Iowa and there met school mates that he had not seen since graduation of the class thirty years ago. It was indeed a happy reunion, several members of the class coming from far off lands to be present. The weather was very warm in the east, in fact almost unbearable. Mr. and Mrs. Doxsee, while having had a pleasant trip and a good time with old friends, they are glad to get back to the cool breezes of Redwood.

Albert Grimmenstein departed last week to take a responsible position with the Sierra and San Francisco Power Company in Tuolumne county. Mr. Grimmenstein recently graduated from the Wilmerding school of San Francisco as an electrical engineer. The young man was highly recommended for the position by Mayor Merrill of this city.

Robert Brown has purchased a new Ford automobile and in a few days will motor down to Pacific Grove accompanied by his wife and Mrs. Charles Locker and family. The party intends remaining at the grove for some time.

D. P. Flynn was here Sunday on a visit to relatives after a month's trip to the East. Mr. Flynn is traveling salesman for the Ford Automobile Co. He has been placing agencies in all the towns in northern California and Nevada. He ranks fifth in the United States in the number of sales during the year. This speaks well for the young man, he having only worked two years in this line.

St. Peter's church Redwood—Sunday is St. Peter's day at the parish church. At the Holy Communion services 7:30 a. m., the rector will say appropriate prayers in memory of our patron saint. The Rev. Mr. Chinn will preach his farewell sermon at 11 a. m. Vesper service and address on "St. Peter" at 5 p. m.

Jamieson's Redwood City band will furnish the music Fourth of July, day and night, at Halfmoon Bay.

Sleeveless vests 10 cents each at Einsteins.

CONVENT GRADUATES ARE GIVEN THEIR DIPLOMAS

The Alhambra was taxed to its utmost capacity with an appreciative audience Thursday evening when the commencement exercises of Notre Dame Academy of this city were held. A class of eight young ladies received their diplomas. The address to the graduates was made by Father W. P. Sullivan, of St. Mary's Cathedral, San Francisco, but who is spending the summer in Menlo Park. The reverend gentleman delivered an able and eloquent speech, paying a glowing tribute to the work of the devoted sisters and the good they were doing in the community in training the children in the ways of morality and righteousness. Father Sullivan gave the graduates some wholesome advice in the manner in which they should conduct themselves in their journey through life. The following program was rendered:.

Sacred chorus by the school; piano duet, Camilla Stafford and Selina McGrath; pantomime, "Buds of Promise" by the primary girls; cantata, "A Dream of Flowers" presented by Grace and Muriel Thomas, Adeline Summers, Alma and Gertrude Read, Selma McGrath, Loretta and Genevieve Costello, Lydia Patrick, Mary and Jennie Sheehan, Mary and Louise Nello, Madeline Shields, Violet Curran Loise Deleau, Anistasia Foley, Agnes Kerr, Florence Gilbert and Castalena Chaves; "William Tell" presented by Francis O'Sullivan, George Kerr, Melville Barton, William Elliott Ward and Joseph Hahir; musical recitation by Adeline Simmons.

The address and presentation of diplomas follwed.

The graduates are, Camilla Stafford, Martha Kerr, Agnes Kerr, Josephine Greggo, Selma McGrath, Mary Nello, Josephine Simmons and Esther Corning.

Lydia Patrick and Anastasia Foley were awarded diplomas from the commercial department.

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

At noon Tuesday fire broke out at Lomita Park and volunteers from San Bruno upon their arrival at the scene of conflagration found the roof of the Fay building burning and beyond control, as the water system was inadequate. Few men are in Lomita during the day and the women were doing their utmost to check the flames. As the building seemed to be doomed, volteers turned their attention to the furniture, all of which was saved. In the meantime other volunteers rushed back to San Bruno, collected all the available two-inch hose in town, attached it to the Spring Valley water main and saved the buildings of J. Andrews, Cone and Sarvinni. When the Fay building had burned to the floor, S. K. Fraser's house caught fire despite all efforts to avoid it. The chemical apparatus of San Mateo and Hillsborough arrived while the fire was under headway and rendered valuable assistance. La Reoux the San Bruno plumber disconnected the meter and stopped all danger from an open flow of gas, also interior pipes so the range and plumbing accessories could be removed. The Fay building ranked as one of the best in Lomita Park. Fraser's loss was nominal. Both properties were insured.

The Woodmen of the World picnic Sunday was a great success despite the unfavorable weather conditions. An ice cream factory was in progress all day, an abundance of material was on hand and every one well supplied. The games were well contested, prizes given the lucky ones, swings and all kinds of picnic amusements provided. All in attendance gad a day of enjoyment and favor making it an annual event.

A six-to-one vote at Daly City last Saturday in favor of a municipal water plant should be proof to the few knockers that Daly City is composed of progressive people, as was also shown at their last election, and that they are not tired of incorporation, as has been without authority stated at times in San Bruno.

The Yeomen gave a whist party Tuesday at which about 70 participated. It was noticeable that the now residents of our town were well represented and in favor of having a good time, which they will undoubtedly have by attending Yeomen functions. The next event will be the picnic July 4th at the Uncle Tom enclosure.

The street committee of the 4th Addition Improvement Club rendered its final report at the last meeting of the club on June 20th. The total amount collected was $126, expended $124.65, leaving a small balance to the good. The club is to be congratulated on the excellent work it has done not only in this particular but on many other points all tending towards the general good of the community. The Hensley Realty Co. aided the people of the 4th Addition materially in this street work, for which the club tendered them a vote of thanks, and that get-together spirit which happily for San Bruno is becoming more and more evident every day was in this affair very cleaaly displayed. The street committee, consisting of Messrs. Turnbull, Jones, Holliday and Schwarz, worked energetically and hard on the details but feel more than repaid for their labors by the very satisfactory results obtained.

The manner in which autoists are violating the speed laws in this town is simply appalling. They do so with impunity and without regard to the safety of life or property. Chauffeurs run their machines through streets crowded with children, the speed on some occasions being over fifty miles an hour. It this sort of thing keeps up the people will be compelled to take the law into their own hands and administer corporal punishment in their own way. Mr. Logan, the traffic officer, is doing all he can, but it is impossible for him to control the situation as he has to patrol all the highways of the Third township and this is more than one man can do and stop speeding through the town.

Louis Golder, a former pioneer resident of Menlo Park, passed away in the Peninsula hospital, Palo Alto, last Saturday. The deceased was a native of Germany, aged 86 years. Mr. Golder crossed the plains ini 1852 in an ox team, arriving at Sacramento after 150 days of privation and hardship. After a short stay at the mines he came to Menlo Park, being the first settler. He practically laid out the town, donating the present site of the railroad depot to the promoters of the enterprise and was the first agent here. Mr. Golder conducted the first hotel in town, having for over a quarter of a century successfully carried on the business on the property now owned by J. G. Mason near the depot. The buildings have been torn down for many years. In years gone by it was at this hostelry that Senator Stanford, Alvinza Hayward, Edgar Mills and many others of that grand galexy of men who lived at that time enjoyed their hot bird and cold bottle. Mr. Golder was a caterer of state wide reputation, his table was the very best, many traveling from San Francisco enjoyed his toothsome vianda. In early days picknickers found pleasure in coming here to enjoy the shady park that surrounded the hotel and it was here that many gay parties tripped the light fantastic under the spreading oaks to the sweet music of the violin and guitar. Mr. Golder was an honest, upright man, noted for his square dealings with his fellow man. The remaining old timers who did business in those bygone days all speak glowing of him and of his many good traits of character, and regret that men of his fine sense of honor are rapidly passing from this sphere of action. Mr. Golder amassed a fortune and retired about thirty years ago and at that time moved to San Francisco. Since the earthquake he had been living with his daughter, Mrs. John Lee of Palo Alto. The funeral took place last Sunday and interment was in Cypress Lawn cemetery. The deceased is survived by a widow and six children, all of whom are prominent in business circles in San Francisco.

WATER COMPANIES TO FURNISH METERS.

The Railroad Commission has rendered a decision in which it reiterates and establishes as a principle the rule that water companies must themselves bear the expense of service connections and of meters, and shall not impose these obligations upon their patrons. The Commission decides that water companies are entitled to rates which shall yield them an adequate return upon their investment, but that they shall not require their consumers to provide a portion of that investment represented by service connections and meters.

ASSESSOR'S INSTRUCTIONS

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sits as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.
